| <b>WineSeller Club Price.....</b> | <b>\$35.00</b>                 |

#### **Broad Strokes:**

*From the Winery:* Since 2004 Thacher Winery with the grasshopper label has been hand crafting wines from superb vineyards found on the Westside of Paso Robles and in Southern Monterey County. Our boutique production of Rhone blends and Zinfandels demonstrate local subtleties and true westside terroir. We are a family owned and operated; authentic wine producer located in one of the most superb wine growing regions of the world and fueled by some of the most talented people.

We believe in this place that we call home, and the handmade wines that we must share with you. We have come from other places and have varied backgrounds, and we are grateful to share this lovely part of California with those that are also drawn to Paso Robles wine country.

#### **Appearance:**

Nice looking, solid package with a heavy bottle. The grasshopper on the label originates from the Thacher Family Crest that dates to the 1800s in the UK. I think "Grenache" could use larger font. The wine is opaque at the core, bleeding out to a bright garnet/red on the edges.

#### **Nose:**

The nose is elegant, yet assertive fragrance makes the bouquet of this wine grab your attention. You'll find focused cherry fruit, strawberries, wood, herbs and some dark fruits as well. Also scented out distinctive nut aromas: walnut, and hazelnut.

#### **Texture:**

Enters the palate with notable depth and sweetness, though still a bit tight and has elements of youth. Silky smooth with fine tannins, expressive fruit, well balanced between fruit and acids. Lengthy finish.

#### **Flavors:**

Cherry, and slightly stewed cherries with notes of wood, and nuts. Balanced beautifully with layers of tastes, some spice box, black and white pepper. Noted some red licorice, cola, sliced beef, framboise.

#### **Serving Suggestions:**

Enjoyable today, especially with food Drink six bottles, put away six more for five years.
